

INVITATION TO ATTEND PUBLIC ENGAGEMENT SESSIONS

The Community Schemes Ombud Service (CSOS) is undertaking a national roadshow to bring its Service closer to property owners and those in the management of community schemes. In each information session, the CSOS will be assisting in the registration of community schemes, accepting applications for dispute resolution and will be clarifying any issues in respect of submission of annual returns and general governance of schemes.

If you have any questions you would like to pose to the CSOS, this is your opportunity to engage with us.
